

Sacred Circle Dance with June Watts

Tete Juane, B.C., August 17-21, 2018

The Spaces Between

In our Sacred Circle Dance repertoire some dances have a definite feminine feel to them, and others carry a strong masculine energy. In these days together we will be exploring both; contrasting strong, clear, direct, powerful dances with gentle, soft dances that have a subtle and flowing timelessness, and embody the mystery of the feminine in the spaces and movements between the steps, between the notes. Through seeing which type of dances we prefer, which we find easier or more challenging, and becoming clearer about our own energy, we dance to balance, empowerment and healing.
